WEB DEVELOPMENT CERTIFICATE, 2009-10

1. **Certificate programs provide career skills to enable students to enter the job market after graduation, retrain in a new career, or upgrade employment skills. Occupational courses are designed to meet these needs instead of transferring to four-year institutions; however, four-year institutions may accept some courses. Check with your college of transfer intent for more info.**
2. **By completing some general education requirements, most certificate programs lead to an AAS Degree. Consult the website or a CCA advisor for more info.**
3. **You must apply for graduation on the website or at Enrollment Services prior to your final semester.**
