2. If you plan on transferring to another institution, contact an advisor before registering.
3. You must apply for graduation by the beginning of your last semester.

Service Technicians are equipment experts responsible for diagnosing problems, finding solutions, and performing the necessary service or repairs on the equipment. They use cutting-edge diagnostic maintenance systems, advanced technologies, and high-tech tools to service machines and engines in a variety of industries. Students should choose degree requirements in consultation with the department chair.
