

1. The AAS degree provides career skills to enable students to enter the job market after graduation, retrain in a new career, or upgrade employment skills. Occupational courses are designed to meet these needs instead of transferring to four-year institutions; however, many four-year institutions accept some of these courses. Check with your college of transfer intent for more info.
2. Certificate programs offered in the occupational area are generally shorter in length. Students may wish to complete a Certificate first, and apply those same courses to the requirements for the AAS degree.
3. You must apply for graduation on the website or at Enrollment Services prior to your final semester.

TRANSFER INFORMATION

This AAS degree prepares students for entry-level employment in law enforcement in Colorado. It also will assist those currently in law enforcement in upgrading their skills and résumé. Many, if not most, of the core and elective CRJ courses will transfer depending on the bachelor's program and 4-year college you wish to transfer to. For information on transferability to Bachelor of Science/Arts programs and locations, please contact the Program Coordinator or the Chair for more information and applicable colleges.

Working in the law enforcement or criminal justice field demands individuals of high character and ability. If you are considering a career in the criminal justice field, please note that, by law, those with prior felony convictions and certain misdemeanor convictions, including those involving theft, moral turpitude, domestic violence and other crimes against persons, cannot apply for law enforcement positions or the academy, but may be eligible to work in the fields of counseling, mediation, private security, and other legal fields under certain conditions.
