

Online courses are offered through the Internet, so through your Internet access, you can complete assignments and interact with your teacher and classmates. Online students should check the Online Class Information Directory on the Internet at <http://www.CCAurora.edu/infosheets>. Course information sheets provide class requirements, class start dates, and any particular computer hardware/software requirements for each class. Students must have Internet access for all online courses. To login to courses using WebCT Vista, you will use the same S# and 6-digit PIN that you use in the student

registration system. Contact the Distance Learning Team for additional information at: DLTeam@ccaaurora.edu. Students with questions concerning the skills necessary to complete an online class should visit <http://www.CCAurora.edu/webtest> for an overview of requisite Internet skills. Find these classes in the Course listings section for more information. Course descriptions are available in the CCA Catalog on the CCA website at www.CCAurora.edu.
