

# Hybrid Courses

# Community College of Aurora

Hybrid courses offer the convenience of an Internet course with the opportunity to meet face to face with the instructor and classmates. Although all of the work can be done through the Internet, scheduled meeting times will be published for each course. There may be mandatory onsite meetings

for some courses to take mid term or final examinations. Course descriptions are available in the CCA Catalog on the CCA website at [www.CCAurora.edu](http://www.CCAurora.edu). These courses are listed in the All CCA Courses section. For information on registration see page 2.
